Iâ€™m down on my knees  
Iâ€™m begginâ€™ you, please  
Take me back , take me back  
Youâ€™ve heard it before, now Iâ€™ll say it once more  
Take me back, take me back

We shared our sweet dreams  
Of good times and good friends  
So letâ€™s fall in love, all over again

You know, Iâ€™ve done you wrong  
Still I know we belong  
Take me back, oh, take me back  
Iâ€™ve begged you before, and Iâ€™m begginâ€™ you once  
more  
Take me back, oh, take me back

We shared our sweet dreams  
Of good times and good friends  
So letâ€™s fall in love, all over again

[Solos â€” over verse]

We shared our sweet dreams  
Of good times and good friends  
So letâ€™s fall in love,  
Letâ€™s fall in love  
Letâ€™s fall in love,  
All over again
