Baby (baby) ahhhhh (ahhhhh)
Yeah yeah
(bounce)

Beautiful girl and that's for sure
Wish she may love me i'd pre-gress more
Say she want a man like me in her life
She gave me even on the wooden floor
She talk about it each and every night
No problemin see me bounce so right

I don't wanna talk about what i had before
So what i wanna do right now
Is give you love galore baby

Bounce along, bounce along...
Bounce along, bounce along
Only you can turn me on
Bounce along, bounce along
Only you can turn me on
Bounce along, bounce along...

Can you no believe it's just for you
Lovin every single thing you do
Clearly i can see you want me to
Lately i been talkin to myself
Sayin i don't need nobody else
Coz all i'm searchin for i found in you

I don't wanna sleep alone
Without you in my bed
Coz when you're not around my love
Its messin up my head, baby

Bounce along, bounce along
Only you can turn me on
Bounce along, bounce along...
Bounce along, bounce along
Only you can turn me on
Bounce along, bounce along...

Beautiful girl and that's for sure
She gave me even on the wooden floor
Wish she may love me i'd pre-gress more

(bounce bounce, bounce along)

(bounce bounce, bounce along)
