I want you, you want me, you need...
So listen baby, you drive me crazy
You be... what you do, you need...
Easy for me to say, you... daisy

We are caught up in this love triangle
Cause I'm caught up, cause I'm caught up
Got me caught up in this love triangle
Cause I'm caught up, cause I'm caught up...

We be going out on the free way
Looking up three ways
Cause your love is on display
You can get it on ebay
So get a feeling I'ma fly...
They got me on...

We are caught up in this love triangle
Cause I'm caught up, cause I'm caught up
We are caught up in this love, triangle
Cause I'm caught up, cause I'm caught up...
Got me caught up in this love, so caught up, so caught
up...

I'm done with things,... whoa
... stopping,... turn me on, yes
I'ma gonna make things happen
We are caught up in this love triangle
So caught up, so caught up...
Got me caught up in this love, triangle
So caught up, so caught up...
