Lord of Moses, Lord of Moses  
Hey

Cho

Dem searching dem searching  
That is why dem pirate our things  
Cause dem searching and searching  
Like parrot a suh wi clip dem wing  
Hear dem searching dem searching  
That is why dem duplicate the swing  
Cause dem seaching dem searching  
Wooo oh oh woo oh oh

New tune weh mi use and wake dem  
Biggias phrases weh mi tek and trace dem  
Some get a break but how far it take them  
Ego takes over now the lime light bake them  
Coulda never get me down  
For grabbing every word a couple million pounds  
When everybody gather round  
Comin thru with the alias sound

Repeat Cho

Five point seven on the richter scale  
Dem use to under rate us now wi si dem a rail  
Probation done wi nah guh back a nuh jail  
Slow dem down like a snail  
Soooo  
Coulda never get me down  
For grabbing every word a couple million pound  
When everybody gather round  
Comin thru with the alias sound

Repeat Cho
