Girl it feels like  
Capatability cryin with you and me  
So clear for us to see

Since I realize  
You got a hold on me  
This is love activity  
With you I wanna be

Love the way it feels  
Girl its sex appeal  
You touch me and I feel alive girl

You mean so much to me  
With you I feel so free  
Especially me when im inside

Girl im gonna love you  
Take away your frown  
Imma be around for you  
Someone you can run to  
And never let you down  
Imma hold it down my boo

Now a Lunch on a monday  
Have dinner on a tuesday  
Take it easy on a wednesday  
Send you flowers on thursday  
Late movie on a friday  
Take you shopping on a saturday  
Imma do much more

Girl im gonna love you  
Take away your frown  
Imma be around for you  
Someone you can run to  
And never let you down  
Imma hold it down my boo

Ive been waiting baby  
For you to get home

To get some lovey love

And I cant be happy  
Sitting here all alone  
I just cant get enough

Forever let it be  
Baby you and me  
Thats what i see into your eyes girl  
Your sinsarity has gottin the best of me  
Entiredy is on the rise

Girl im gonna love you  
Take away your frown  
Imma be around for you  
Someone you can run to  
And never let you down  
Imma hold it down my boo

Now a Lunch on a monday  
Have dinner on a tuesday  
Take it easy on a wednesday  
Send you flowers on thursday  
Late movie on a friday  
Take you shopping on a saturday  
Imma do much more

Girl im gonna love you  
Take away your frown  
Imma be around for you  
Someone you can run to  
And never let you down  
Imma hold it down my boo

Girl im gonna love you  
Take away your frown  
Imma be around for you  
Someone you can run to  
And never let you down  
Imma hold it down my boo
