Wayne Wonder: My kinda Lady lyrics

The looks in your eyes come as no surprise the best thing you have for your own lady makes me realize u won't compromise things in your life to look shady there comes a time in life that u must be oh u must be and by the vibes I find there's still a few good qualities!!

[Chorus]

Ur my kinda lady anything baby u wanna c eventually  
Ur my kinda baby I'm hopen' it's me u wanna love eternally

Ur my kinda lady anything baby u wanna c eventually  
Ur my kinda bady I'm hopen' it's me u wanna love eternally

I love how u dress n I'm so impressed the way that u carry yourself daily even under dress and so much stress by dealing with our babies daddy but nothing can change my mind and I can't wait for u to be free cause I'll never find this kind so I wanna show what ur to me yeah!

[Chorus]

Your ???? moves me and God I was choosin' when your arms it leads yeah your so warm n cozy that girl you expose me to all the love I need!

[Chorus X2]
