When I see you I see sunshine  
Clear skies of blue, every time I look at you  
You and I sippin' on red wine  
I'm so much into you, girl, my love is overdue

Definitely I want this to be  
So baby, come to me, you look full and so lovely, yeah  
Definitely I want this to be  
You're like the air I breathe, you're my ebony

If lovin' you is wrong I don't wanna be right, oh right  
And being bold as I am, I gonna tell you that you're  
dynamite  
It's not a secret love, so baby come on into the light,  
yeah  
Let me love you better

So definitely I want this to be  
So baby, come to me, you look full and so lovely, yeah  
Definitely I want this to be  
You're like the air I breathe, you're my ebony, yeah

Definitely want

So when I see you I see sunshine  
Clear skies of blue, overtime I look at you  
You and I sippin' on red wine  
I'm so much into you, girl my love is overdue

Definitely I want this to be  
So baby, come to me, you look full and so lovely, yeah

dynamite  
It's not a secret love, so baby come on into the light,  
yeah  
Let me love you better

So definitely I want this to be  
So baby, come to me, you look full and so sexy, yeah
