for you i give a life time of stability and anything you want and need nothing is impossible for you there are no words or ways to show my love for all the thoughts i'm thinking of cause this life is no good alone since we've become one i've made a change everything i do now make sense it all roles in all i am is for you for you i share the cup of love that over flows and anyone who knows us knows that i would change all thoughts i have for you there is no low or high or in between of my heart that you haven't seen cause i share all i have and am nothing i say is hard to understand all i feel i feel deep within and always will all this love is for you
cause every note that i play every word i might say every melody i feel i wrote it for you and your appeal everything i might write everyday of my life cannot be filled without the fill that my love for you now brings for you i made the promise of fadelity now and for eternity noone could replace this vow for you i take your hand and heart and everything and add to them my wedding ring cause this life is no good alone since we've become one your all i know and if this feeling should leave i'd die and here's why all i am is for you for you i give a life time of stability and anything you want of me nothing is impossible for you there are no words or ways to show my love or all the thoughts i'm thinking of yse this life is no good alone since we've become one your all i know all i feel i feel deep within and always will all this love is for you
