Pinky promise

It's gonna be alright

It's gonna be alright

It's gonna be alright

It's gonna be alright

Many late nights when she's all alone

She always call me up on the phone

Begging me to come and spend the night

Because she wants to rub me in her honeycomb

What she need is just a friend like me

What she need is just a good friend like me

What she need is just a friend like me

What she need is just a good friend like me

Told her friends that I treat her right

And I love to vibe all day

Feels so good just to be around

A lotta times she don't want me to go away

What she need is just a friend like me

What she need is just a good friend like me

What she need is just a friend like me

What she need is just a good friend like me

After all you can't deny

I took her where her feels

Can't go on, you can't pretend

That's why she's asking me again

What she need is just a friend like me

What she need is just a good friend like me

What she need is just a friend like me

What she need is just a good friend like me

It's gonna be alright

It's gonna be alright

It's gonna be alright

It's gonna be alright

It's gonna be alright

It's gonna be alright
