Aww baby  
Ohh baby  
Wayne Wonder, for the ladies  
Ladadadee

What I feel, girl I know it's oh so real  
When you're next to me, there's no other place I'd  
rather be  
She close my mind, she knows just how to set me free  
She makes my find complete

Always satisfy my every need  
Girl, you're good to go, follow my lead  
Like an open book, it is there to read  
You truly make my life complete

Glad you came, glad you came my way  
Came my way with your love  
Swept away, girl I'm swept away  
Swept away in your love

She's my friend and my lover till the end  
Can't pretend, she's got a love with a perfect plan  
Telling you again, what the doctor recommends  
For you my love extends

Always satisfy my every need  
Girl, you're good to go, follow my lead  
Like an open book, it is there to read  
You truly make my life complete

Glad you came, glad you came my way  
Came my way with your love  
Swept away, girl I'm swept away  
Swept away in your love

Girl, I've got no doubts about it  
The day you came into my life  
No regrets, there's no excuses  
No doubts about it, no doubts about it

Glad you came, glad you came my way

Came my way with your love  
Swept away, girl I'm swept away  
Swept away in your love

Glad you came, glad you came my way  
Came my way with your love  
Swept away, girl I'm swept away  
Swept away in your love

Glad you came, glad you came my way  
Came my way with your love  
Swept away, girl I'm swept away  
Swept away in your love
