If I, if I ever fall in love again  
If I ever fall in love again  
It'll have to be with you, with you, with you  
If I, if I ever fall in love again  
If I ever fall in love again  
It'll have to be with you, with you, with you

Baby be a part of my life  
The kind of girl that I like  
Baby do what you do, and you do what you do  
You know to make me feel right  
Baby girl me has to confess  
'Cause you get to me easy and greatest, yes  
Girl I can get over you keep on doing what you do

Hot like fire, caution takin' over  
I can't pretend  
Baby it's you that I want until the very end  
They say love is blind  
But I'm confident  
Girl I wanna be with you  
Be the one who squeeze you

If I, if I ever fall in love again  
If I ever fall in love again  
It'll have to be with you, with you, with you  
If I, if I ever fall in love again  
If I ever fall in love again  
It'll have to be with you, with you, with you

Girl you better try just holding me  
Let me put you to bed  
So you can tease me, can you please me  
Baby I can't get up  
Don't need nobody consent,  
Girl I know what you represent  
The way you spin it, how you bring it, how you twist it  
How you fling it, how you turning me on

Hot like fire, caution takin' over  
I can't pretend

Baby it's you that I want until the very end  
They say love is blind  
But I'm confident  
Girl I wanna be with you  
Be the one who squeeze you

If I, if I ever fall in love again  
If I ever fall in love again  
It'll have to be with you, with you, with you  
If I, if I ever fall in love again  
If I ever fall in love again  
It'll have to be with you, with you, with you

Baby girl you know me not gonna lie  
Baby girl you know me not gonna lie  
Baby girl you know me not gonna lie  
Me not gonna lie, me not gonna lie

,  
Baby don't you know I can't deny,  
I can't deny you're the reason why

Hot like fire, caution takin' over  
I can't pretend  
Baby it's you that I want until the very end  
They say love is blind  
But I'm confident  
Girl I wanna be with you  
Be the one who squeeze you

If I, if I ever fall in love again  
If I ever fall in love again  
It'll have to be with you, with you, with you  
If I, if I ever fall in love again  
If I ever fall in love again  
It'll have to be with you, with you, with you
