The looks in your eyes comes as no surprise
The passion you have for your baby
Makes me realize, you won't compromise
Things in your life to look shady

There comes a time in life,
That you must be, who you must be, yeah
And by your vibes I find
There's still a few with good qualities

Chorus:
You're my kinda lady can it be me
You wanna see eventually
You're my kinda baby
I'm hoping it's me, you wanna love eternally
(x2)

I love how you dress, and I'm so impressed
The way that you carry yourself daily
Even under duress, and so much stress
By dealing with your baby's daddy
But nothing can change my mind
And I can't wait for you to be free yeah
'cause I'll never find this kind
So I wanna show what you're to me yeah

Chorus x2

Your rainbows moves me
And God I was choosey
In your arms and needs yeah
You're so warm and cosy that girl you expose me
To all the love i need baby

Chorus until fade
