Love how you do it baby do it (x2)

Ye (x3)

Love how you do it baby do it (x3)

Woahhh Listen!

[Chorus]

Nothing but love and affection (Ohhh)  
And it's really a lovely thing (Such a lovely thing)  
So glad I've made you my selection (Ohhh)  
Girl you're my everything, my everything

Never knew love like this  
Girl I must admit  
Ever since you came into my life  
It's been more than few years  
Still no one compares, to you  
So I really love the way you've got me feelin'

[Chorus]

When I am away  
I always count the days  
Just to come right back into your arms  
Heaven must of sent you  
I'm so in love with you  
It's true  
Girl, I really love the way you've got me feelin'

[Chorus]

Love how you do it baby do it (x2)

Ye (x3)

Love how you do it baby do it (x3)

Girl I really love the way you got me feelin'
