Reset it

Remember when you used to put it on me
Love it when you use to put it on me, oh girl

Reset it back like all it was when we used to love (x 4)

Girl it get me nothing but pleasure
When we are together,
With you girl it's so much better
Something to treasure

I go in with you round and round, yeah yeah
If you put something.. I'll go on forever

Reset it back like all it was when we used to love (x 4)

Making how with the eyes oh baby
you never afraid to let it show
Got what it takes to drive me crazy
A love between you black it down low,
Girl when you are in my life
Everything seems alright
No matter who comes by you like..never replace

Reset it back like all it was when we used to love (x 4)

Something by the way you put it on me, put it on me
yeah
Something about the way you put it on me, put it on me
yeah
Something about the way you put it on me, you put it on
me girl
Something about the way you put it on me, girl.

Reset it back like all it was when we used to love (x 4)

When we used to love, eh eh eh
When we used to love, oh girl
