Let me hear you say  
A girl like you is like a brand new automobile  
Drive any man crazy  
You passing around my avenue again baby  
Your style is so repetitious  
It's about time Shaggy and Wayne Wonder start to get  
vicious

Doing something different for a change  
What a sexy body girl, I have you in my range  
May not be sufficient but doing just fine, fine, fine

When we do it different baby, love it is together  
She wanta rub a dub lover have her under cover  
When we do it different baby, love it is together  
She wanta rub a dub lover have her under cover

Baby love I admire the way you move the way you  
groove  
I love the way you dance even when you step upon my  
shoes  
It's my dream to sweep you off your feet and take you  
on a cruise  
A romantic intersection I'm just here to pay my dues

Never see a girl that I love this right  
It's kinder wicked it's kinder wild  
Taking it easy under cool profile  
You're so smooth and you're so mild  
I don't care what your friends may say  
I'm gonna love you any way  
'Cause they don't know about those days  
When you gave good love to me downstairs

Doing something different for a change  
What a sexy body girl, I have you in my range  
May not be sufficient but doing just fine, fine, fine

Girl I love you I got to confess  
My heart skip a beat I feel the pressure in my chest  
Girl the way you got me goin' I wonder if you God bless

Are you a cut above the rest here to put me through the test

I wouldn't mind love you up and give you nothing less  
Your Coca Cola figure in that skin tight dress  
Hold me in your arms with so much tenderness  
Huh girl you make me breathless

Standing vision anywhere you go  
Every living male want to sit in your row  
I can't afford to miss this show  
So I got to let you know  
Don't you worry honey don't you fret  
Wanna be all over you like sweat  
Room full of class not to mention you got taste  
I need next to get into your place

Doing something different for a change  
What a sexy body girl, I have you in my range  
May not be sufficient but doing just fine, fine, fine

When we do it different baby, love it is together  
She wanta rub a dub lover have her under cover  
When we do it different baby, love it is together  
She wanta rub a dub lover have her under cover

The last time I say you all I got was a glance  
I vow that day if I had another chance  
I would kill you with romance  
I wouldn't even hesitate to make you jump and prance,  
wow

Standing vision anywhere that you go  
Every living male want to sit in your row  
I can't afford to miss this show  
So I got to let you know  
Don't you worry honey don't you fret  
Wanna be all over you like sweat  
Room full of class not to mention you got taste  
I need next to get into your place

Doing something different for a change  
What a sexy body girl, I have you in my range  
May not be sufficient but doing just fine, fine, fine

Baby love I admire the way you move the way you groove  
I love the way you dance even when you step upon my shoes  
It's my dream to sweep you off your feet and take you on a cruise

A romantic intersection you don't know what path to  
choose

Electrify your love and blow your romantic fuse  
Anybody else you get you would definitely lose  
Wayne Wonder and Shaggy we speakin' the truth

I love you too
