Uh, uh, Wayne Wonder, DJ Frass
Multi-talented
For ladies, escuche!

Chorus:

They don't know, they don't know
Girl, you're the one to make my life complete!
They don't know, they don't know
Baby, your love is all I need
They don't know, they don't know
When I was done, they were there for me
They don't know, they don't know about it
So we tell them

Girl you are the one for me,
I would by any chance...
You're bringing out a destiny
Girl there must be destiny!
Couldn't do it all alone
Tale me form the darkest...
They don't know we both discover the truth in our love!

Chorus:

They don't know, they don't know
Girl, you're the one to make my life complete!
They don't know, they don't know
Baby, your love is all I need
They don't know, they don't know
When I was done, they were there for me
They don't know, they don't know about it

Lets' show 'em how to live a life
Plus everything will be all right
I know things will fall into place...

Chorus:

They don't know, they don't know
Girl, you're the one to make my life complete!
They don't know, they don't know
Baby, your love is all I need
They don't know, they don't know

When I was done, they were there for me
They don't know, they don't know about it

So let 'em gossip cause I really don't care
Girl, when I'm with yo is like a breath of fresh air
Girl you're..
Forever be my darling...
Girl, you're not lazy, pretty than a daisy, anything get
on ...
Girl, you're not lazy, pretty than a daisy, anything get
on ...

Chorus:
They don't know, they don't know
Girl, you're the one to make my life complete!
They don't know, they don't know
Baby, your love is all I need
They don't know, they don't know
When I was done, they were there for me
They don't know, they don't know about it
