Ha-ha, yeah  
Will I make it to see tomorrow  
Ain't no tellin  
This one right here, for all the riders  
No matter what side you on  
Peep game  
Welcome to the killing fields  
Nigga, the home of the G's  
Land of the nymphos and murderers  
Still G's and never C's  
Careful of what the jaw breakers  
Paper chase, parole piss test takers  
To make us all the roof makers  
Playas, best to keep your crew tight, and game in check  
'cause haters it's getting harder and harder to protect  
I be peepin the animosity, how these niggas be watchin  
me  
Ready to catch me slippin so that they can cut the glock  
on me  
Gots to be clever, when now they grindin for your  
cheese  
'cause when it be comin to drama, my city's under  
siege  
Watch who you're talkin to to, and keep your eyes on  
em  
'cause the closest nigga to ya is the nigga with wise on  
em  
I rise on em, so now they label me a menace  
But they don't understand the wicked shit that I done  
witnessed  
187's, 211's to drivebys  
While most niggas divin for the Z-25, come on  
[Chorus:]  
Walk with me  
As we journey through the land of the C's and the B's  
And the crooked ass police  
Walk with me  
On this suicidal mission through the central  
We gots 44's for cressidentials  
Walk with me  
As we journey through the land of the C's and the B's  
And the coward ass police

Walk with me  
On this suicidal mission through the central  
We gots 44's for cresidentials

Now as I look to my riz-ight and to my liz-eft  
I see my siz-elf starin face to face with hisself  
Will I live to see my little one grow to be a G  
Like his daddy W from the dub S C (look at that)  
I keep the guts to keep the heat on ya  
And watch your enemies 'cause they creep on ya  
Now when time comes around for my name to be  
called  
I'd rather die with it on me then not have it all  
Stalkin, walkin in my big blue Chucks  
They take this man, maddogin, ready to biz-ust  
Yeah I walk through the valley of late nighter homicide  
G riders into the makers of a buckin Impala  
How far will I make it  
'cause I'm related, I know I'm highly hated  
Affiliated, tomorrow ain't promised so at night I pray  
I live to give it up for the hood another day  
[Chorus:]

Walk with me  
As we journey through the land of the C's and the B's  
And the crooked ass police  
Walk with me  
On this suicidal mission through the central  
We gots 44's for cresidentials  
Walk with me  
As we journey through the land of the C's and the B's  
And the trigger happy police  
Walk with me  
On this suicidal mission through the central  
We gots 44's for cresidentials  
Drama more drama more drama more drama  
Niggas are goin crazy for this mother fuckin dollar  
I done seen em turn G's to snitches  
Browns to kissers, niggas like used to consider reel to  
reel bitches  
Niggas done switch-ded turn from killas to powder  
Bust up, I'm pumpin, crack and tore that ass up and  
Bitches I used to fuck in 96  
Is now turnin tricks for hits 'cause they addicted to  
glass dicks  
Suckin niggas off for the green  
The ex-class felon notorious now the deadbeet queen  
Check out her body, take a look at how the crack took  
toll  
Went from being fine as hell to look at my guest or roll  
I'm swoll, a boss with a perm and a frown  
They say chicks don't run for witness partic a clown

I'm tryin to stay strong and mantain my stroll  
But the neighborhood just ain't the same no more, uh-  
uh  
[Chorus:]  
Walk with me  
As we journey through the land of the C's and the B's  
And the crooked ass police  
Walk with me  
On this suicidal mission through the central  
We gots 44's for cresidentials  
Walk with me  
As we journey through the land of the C's and the B's  
And the scandalous ass police  
Walk with me  
On this suicidal mission through the central  
We gots 44's for cresidentials  
Uh, yeah, uh  
Mother fuckers better take heed  
'cause love don't live here no more  
South Central L.A.  
The modern day plantation  
Where every nigga's guilty by affiliation
