The band began to play
So we started running
From across the way
You could hear the drumming

Thunder struck a chord up in the sky
Lightning flashed, I looked you right in the eye

You're the one I want
The rain started falling
So we took a chance
While the music was calling

I ran out of the way
You can hear the nightbells toll
Under the bridge
Where the river rolls

Everywhere at once
We'll throw it wide open
And you can't look back
Till the chains have been broken

Thunder struck a chord up in the sky
Lightning flashed, I looked you right in the eye

Whoa-oh-oh-oh
Everywhere at once
The rain kept on falling
So we took a chance
While the music was calling

I ran out of the way
You can hear the nightbells toll
Under the bridge
Where the river rolls

Everywhere at once
We'll throw it wide open
And you can't look back
Till the chains have been broken

Everywhere at once
Everywhere at once
Everywhere at once
Everywhere at once

Everywhere at once
Everywhere at once
Everywhere at once
Everywhere at once
