One Step Closer  
Sclub 7 Juniors

I've been waitin' such a long time just tryin' to get  
through,  
And its takin all of my strength to keep me here away  
from you

It doesn't matter how long it takes,  
Nothin' changes when we're apart  
It's just alittle bit longer  
We've come this far

Chorus

One step closer to heaven baby  
Means one step closer to you  
They'll be no more linin' without you baby  
I'm countin' the minutes till i'm back to you  
One step closer to heaven baby  
Hold on Hold on Hold on to my lovin'

I've been savin' every little bit of my love for you  
I've been dreamin just to get by away from you

It doesn't matter how long it takes  
Just the moment were back together  
And this time it is forever

Chorus

One step closer to heaven baby  
Means one step closer to you  
They'll be no more linin' without you baby  
I'm countin' the minutes till i'm back to you  
One step closer to heaven baby  
Hold on Hold on Hold on to my lovin'

It doesn't matter just how long it takes  
Nothin' changes when were apart  
It's Just a little bit longer

We've come this far

Chorus

One step closer to heaven baby  
Means one step closer to you  
They'll be no more linin' without you baby  
I'm countin' the minutes till i'm back to you  
One step closer to heaven baby  
Means one step closer to you  
They'll be no more linin' without you baby  
I'm countin' the minutes till i'm back to you  
One step closer to heaven baby  
Hold on Hold on Hold on to my lovin'
