"Mitarsam"

There will be a day when I wont feel this way
I'll be looking up from the days where i am
I hope it wont be too long
Before I can get there
Floating in the ocean a by
Feel it so safe in the ocean of life

Suddenly i'm flying, flying high in the sky
I can feel that i can catch the moon
The wind Whispers you're gonna be here soon
Suddenly i'm dreaming, i'm walking under the sun
As the morning comes and i wake up
You are with me and the sun is up
I can feel that i can catch the moon
The wind Whispers you're gonna be here soon

Mitarsam een dast haa ye kaari bede dastam!

As the morning comes and i wake up
You are with me and the sun is up

Mitarsam Man o To raahemoon o nadoonim!

We're gonna make our dreams come true ... yeaaaah!!

Suddenly i'm flying, flying high in the sky
I can feel that i can catch the moon
The wind Whispers you're gonna be here soon
Suddenly i'm dreaming, i'm walking under the sun
As the morning comes and i wake up
You are with me and the sun is up

Too Aasemoon e Eshgham Yeki Peydaa misheh

You are with me and the sun is up

Suddenly i'm flying, flying high in the sky
I can feel that i can catch the moon

Suddenly i'm dreaming, i'm walking under the sun
