Gotta go to church on Sunday
Wash my sins right down the drain
If I come here long enough,
They'll cleanse me, make me pure again.
There's nothing wrong with makin' love in the pew.
I love you, God. Oh, god I love you.
J.C. said to love your neighbor.
Well, I'll love her while I pray.
And I'll learn to love my neighbor
Always on a Sunday.
You know, religion, it ain't that bad...
Some people put it down because
It doesn't have a sturdy base
And preys on faith and hope and love
