Florence of Arabia is quite content  
No danger in Arcadia; no sign of trouble.  
In fact, in context, Florence lives in a bubble.  
But Florence, she is satisfied  
with what is happening in her life  
She believes in happiness inside  
No sign of Danger  
But Florence keeps her eyes closed tight  
and turns her eyes out in the night.  
She doesn't understand when the Ox comes into sight  
No Sign of Danger  
Florence don't be a stranger  
There's no sign of danger.
