We must clean the Shroud
But we haven't any coins
Let's roll a bum for change
We can kick him in the groin
We'll kill him if we have to
Anything for God
And to save the human race
We must clean the Shroud
Restore the Jesus face
"But what about my foot?"
Shut up you fucking ox
Some things are more important
Than what's inside the box
"Like cleaning the Shroud?"
Yes, ox
Let's go get some change
So we can use these strange
Machines
