Rap - Solange

And Murphy Lee we are
The Scooby Doo, uh-oh
We're platinum mo' you know.
Oh
Oh oh
Scoo-by-doo.

Chorus - Solange (Murphy Lee)

Thinking About you
Where are you?
'Cause I need to hear from you now (oh oh)
This is a mystery
Can't help but think,
What is happening to you now? ooh ooh (oh oh)
Thinking About you
Where are you?
'Cause I need to hear from you now (oh oh)
This is a mystery,
Constantly
Thinking if you love me
Scooby dooby dooby doo wop doo woo

Verse 1 - Solange

Where did my baby go?
Boy take that mask off,
You used to be all up on me,
Now you just trash talk.
Split personality, pulling 360's
Don't even call me,
It's such a mystery,
My scooby dooby doo.

Chorus - Solange (Murphy Lee)

Thinking About you
Where are you?
'Cause I need to hear from you now (oh oh)
This is a mystery
Can't help but think,
What is happening to you now? ooh ooh (oh oh)

Thinking About you
Where are you?
'Cause I need to hear from you now (oh oh)
This is a mystery,
Constantly
Thinking if you love me
Scooby dooby dooby doo wop doo woo

Pre-Verse - Murphy Lee (Solange)
Doo wop doo wop
Whoa wop whoa wop (whoa wop)
Ya ya, ya ya, ya ya.

Verse 2 - Solange
Bring back my baby so,
We can be like old days.
I can not take much more of,
You and your silly ways.
I'm tryna reach you,
But I'm not Miss Cleo
Boy I thought I knew you.
You got me so confused
Scooby dooby dooby doo.

Rap - Murphy Lee (Solange)
You know my seven digits, (what)
You know my address
