I've liked you for a thousand years, a thousand years
I've liked you for a thousand years, a thousand years
I've liked you for a thousand years, a thousand years
I've liked you for a thousand years, a thousand years

I've liked you for a thousand years, a thousand years
I can't wait til I see you, I cant wait until I see you
I've liked you for a thousand years, a thousand years
I can't wait til I see you, I cant wait until I see you
I've liked you for a thousand years, a thousand years
I can't wait til I see you, I cant wait until I see you
I've liked you for a thousand years, a thousand years
I can't wait til I see you, I cant wait until...

You can't stand to see me that way
No matter where I do, No matter what I say
You can't stand to see me that way
Yay-ee-yeah

I've liked you for a thousand years, a thousand years
I can't wait til I see you, I cant wait until I see you
I've liked you for a thousand years, a thousand years
I can't wait til I see you, I cant wait until I see you
I've liked you for a thousand years, a thousand years
I can't wait til I see you, I cant wait until I see you
I've liked you for a thousand years, a thousand years
I can't wait til I see you, I cant wait until...

You can't stand to see me that way
No matter where I do, No matter what I say
You can't stand to see me that way
