Went out of my mind today oh yeah
Can you help me get back in?
Too many things to say
And not enough time to go where I've been
Can't explain how it feels
When you got nowhere to go
Time is right on your heels
Ready to steal the whole damn show

Got a whole life ahead
Don't you blow it all now
Ring around the rosy and we all fall down

Take a look at yourself
Do you like what you see?
Or are you satisfied
With being who they want you to be?
Well I just want to be with somebody
And I don't want to be alone
And I just want to be wanted
I want a place that I can call my own

Got a whole life ahead
Don't you blow it all now
Ring around the rosy and we all fall down
All fall down

Winds are blowing cold
And I fear that time is closing in
I wish this pain would leave me
All this pain and suffering
Went out of my mind today
Went out of my mind today
Went out of my mind today
And there's too much time
Too much time

Got a whole life ahead
Don't you blow it all now
Ring around the rosy and we all fall down
All fall down

All fall down
Yeah, we all fall down
