And I feel...
like i don't belong here
It's been too long and I fear
I'm wasting away
These day
they seem to last forever
Drag on and on together
With nothing to show for my...

Pain...of sitting around
And I wait...
to leave this old town behind
And all these observations
are mostly imitations of you
Imitations of you

Well I see...
that I am going nowhere
I'm sitting here in this chair
An unfamiliar place
It's been nice...
But I think I must be going
I'm showing signs of slowing
With nothing to show for my...

Pain...of sitting around
And I wait...
to leave this old town behind
And all these observations
are mostly imitations of you

And you can't find what you want to find
Leaving this whole world behind
Make your own way
Do what you can to get along
You will start to see the changes
How everything rearranges
Only if you want it to
Oh oh oh only if you want it to

And this pain...of sitting around

And I wait...
to leave this old town behind
And all these observations
are mostly imitations of you
