The way she walks into the room
Like a cool midsummer breeze
And she knows just what to do
When it's the only thing I need

Chorus:
Yeah, She is my everything and more
And she has taken me over

It's the way she makes me laugh
And the way she lets me cry
It's the way she finds me fast
When I get all lost inside

Chorus:
Yeah, She is my everything and more
And she has taken me over

I've got to find a way to tell her how I really feel this
time
She's got to know it all before she walks away again
These feelings are too strong to hide
There's always consequences
And if I hold it all inside
I'll miss out on the rest of my life

She is my everything and more
And she has taken me over
Yeah, She is my everything and more
And she has taken me over
