You love me
especially different
every time you keep me on my feet, happily
excited by your cologne,
your hair, your smile, your intelligence
you woe me,
you caught me,
you tease me,
you please me,
you school, give me some things to think about,
ignite me,
you invite me,
co-write me,
you love me,
you like me,
you incite me to chorus,
oooh.....
You love me
especially different
everytime
you keep me on my feet happily

excited by your cologne, and your hair,
your smile, you intelligence
you woe me,
you caught me,
you tease me,
you please me,
you school me, give me things to think about,
invite me,
you ignite me,
co-write me,
you love me,
you like me,
incite me to chorus,

SPEAK:

you're different and special
you're different and special in every way imaginable
you love me from my hair follicle to my toenails
you got me feelin' like the breeze, easy, and free, and
lovely, and me
oh when you touch me i just can't control it,
when you touch me i just can't hold it
the emotion inside me,
i can feel it
