I was a ghost from outer space
Alien to the human race
I felt a tear inside my chest
Love at first sight I was obsessed
Now I am dancing in the rain
And I just hope she knows my name
I finally feel alive
I want to look into your eyes
I want to sail between your thighs
I want to grab you by the tail and pray to God my hands
don' fail
I want to be with you the most
Be near you like the Holy Ghost
I finally feel alive
I want to push it out
I want to scream and shout
I want to push it out
You make me feel like heaven is here tonight
You led me to light
Cause it's real and I feel if I died I'd be all right
You made me turn another page
Open me up to better days
I hope you hear just how I feel,
So we can really make this real
I want to live tonight
I finally feel alive
