[Kanye West] Yo Scratch she said, "Yo, I love this beat But I know he ain't make them sounds with his mouth." I said, "How you gonna doubt this man? He got a Grammy for beat boxin' for Christ sake." How you gonna doubt this man. You know what she said? She said... [Chorus] Now I'm ready to go (go) So let me grab my coat (coat) And then we're out the door (door) I ain't no hoe but I can get low [Kanye West] She said, oooh that's my favorite part Oooh a Ferrari that's my favorite car The-the-The Roc, them my favorite stars And I love the way they blaze the charts But how she gonna play your man? Act like she ain't know who the hell I am Or act like she ain't know the jets I land In Ireland I let her eye the rims cause she admire them That goofy that you're running with I can buy your man Pause I ain't trippin' I don't lie to fans Y'all Will soon see how them lames will do you His name Raymond but he weaker than Raymond (Ramon) noodles Now she's Grindin' Throwin' it back like Nolan Ryan Get it? She said that oooh Really turns me on So yoooooooo Need to take me home [Chorus] - x2 [Kanye West] She said ooh this my favorite verse I knew she kinda bright when she reached in her purse I said, "Girl you know you freaky, obey your thirst" It's one o'clock and I'm way past first And though Jay is killin' girl like O.J. That's why haters want to jack son (Jackson) for his Ice Cubes like O'Shea They keep a lemon face like they sippin' on Ocean Spray We toast and say, "We made it to the post Jay" Send a couple models this way With their disposable camera they wanna pose with K Money got me smellin' sweater then Potpurri Not gonna flow today I need a whole parade Fuck that I need a whole brigade Of girls still rockin' Poetic Justice braids Just to say, "You O.K. Player, but you no K But I will give you my number if you know K [Chorus] - x2 [Consequence] Eww, I'm still kinda stressed I'm tryin' to climb in your dress I see you recline in the rest But my time is pressed If you tryin' to step Come holla at your boy, yo I'm one of the next She said, "You Gonna have to wait around a minute Cause my hair ain't done and my nails ain't finished It's the things that you love So I need five minutes" But five

turned into twenty Twenty turned into forty Give her  
five minutes and I'm out on shorty Chill "Why you  
leavin' Tired of the lonely nights and the quiet  
evenings Plus I've been horny the entire evening" True  
Uh, now you're talkin' In front of the telly and now I'm  
parkin' But now she got an attitude and now she barkin'  
So ooooh Now she walkin' uh [Chorus]
