The rage in my eyes

Could have compared

To the eye of the sun

Then rain took its course

Through the hands of the sun

Repent(?) for all time

The world is at war leaving all hope(?)(fault?) behind

So, is this the end for us my friend?

So, is this the end for us my friend?

The saints(?) in the sky

are there to remind us of man and his fight

When two worlds collide

One steals a life like a thief in the night

So look to the sky

He holds the keys for your life and mine

So, is this the end for us my friend?

So, is this the end for us my friend?

So, is this the end for us my friend?

So, is this the end for us my friend?

Well, as the wind rides

As the day breaks for dawn

And as the moon hides the sun, oh the sun

No more sorrow, oh those crying days are gone

No more sorrow, now its gone, now it's gone

Now it's gone

So, is this the end for us my friend?

So, is this the end for us my friend?

So, is this the end for us my friend?

So, is this the end for us my friend?

So, is this the end for us my friend?

IS THIS THE END

(Original Acoustic Version)

The rage in my eyes

Could have compared to the eye of the sun

Then rain took its course

Through the hands of the sun

Repent, for all time

The world is at war leaving all hope(?)(fault?) behind

And I ask so, is this the end for us my friend?

So, is this the end for us my friend?

The saints on his side

Cover the sins of mankind and his pride

That night he died

But rose once again

To sit down by his side

He reigns for all time

Taking the keys back for your life and mine

And I ask so, is this the end for us my friend?

So, is this the end for us my friend?

So is this the end for us my friend?

Aw, yeah

Well as the wind rides

As the day breaks for dawn

And as the moon hides the sun

Oh the sun

No more sorrow

Oh your crying days are gone

No more sorrow, now its gone, now its gone

They're gone

They're gone

They're gone

And I ask so, is this the end for us my friend?

And I ask so, is this the end for us my friend?

So is this the end for us my friend

So is this the end for us my friend
