talk to me

can you listen to me now

do you understand

can you identify? but it's as if you seem to make a
small effort

but you bend, you're bending my mind, and you try to
suffocate, and

smother me

covered so i can't breathe

we collapse our weakened hands fall together at once
abandoned

they'll fore you down and strap you in, now we agree
and understand

speak slowly

you gotta get it all out now

what are you saying?

just remember we will always be here...just in case you
have been

waiting, waiting to show us something or give us some
sign.

as if you're gonna suffocate, smothering

covered so you can't breathe

chorus

gently lure your submission
all the while suspicion grows
so be sick of listening
to senile old and staggering naive youth
pick us up when we fall down
