Performed by Fuel)

The sky was dark this morning

Not a bird in the trees

And silence hung suspicious and anxious

Like a blanket covered scream

And you were gone

You were not there for me

And I cursed the sky and begged the sun to

Fall all over me

This life's not living, baby

Living ain't free

If I can't find my way back to me

Let the sun fall down over me

Let the sun fall down

All my friends are searching

Quiet, desperately

Look into their eyes you'll see the faithless crying

Save me, save me, save me

And what are they to feel

And who are they to be

And what am I to do with, do with me, but let the sun

Fall all over me
This life's not living, baby
Living ain't free
If I can't find my way back to me
Let the sun fall down over me
Let the sun fall down
Until my eyes cry out
'Til my head is free from doubt
'Til my lungs sigh right out
'Til I'm wiser
Let the sun
Fall all over me
This life's not living, baby
Living ain't free
If I can't find my way back to me
Let the sun fall down over me
Let the sun fall down
