There isn't anything to talk about  
You know I don't mean any harm  
I really don't mean anything at all  
If we both understand what's going on  
It's pretty clear we'll get along  
It's pretty clear we'll get it

I don't bite but you can't believe it  
(You can't believe it)  
I don't bite but you can't believe it  
(You can't believe it)  
This isn't quite what I was counting on.  
I wish I knew just what you want  
I wish I knew anything at all  
I thought the point here was to have some fun  
I only wanna get it done  
I only wanna get it

I don't bite but you can't believe it  
(You can't believe it)  
I don't bite but you can't believe it  
(You can't believe it)

I don't mean anything  
I don't mean anything

I don't bite but you can't believe it  
(You can't believe it)  
I don't bite but you can't believe it  
(You can't believe it)
