

We Are Scientists "Pittsburgh"

Visit "[Pittsburgh](#)" on MotoLyrics.com

All these whispers and promises
All the hints and the solid plans

All we want is to be together
All we want is to be together

Every subtle and stolen glance
Can't be anymore obvious

All we want is to be together
All we want is to sleep together

We're only after one thing
We're only after one thing
We're only after one thing
Ooh
We're only after one thing
We're only after one thing
We're only after one thing
Ooh

All these ruptures and etiquette
All this comforting decadence

All we want is to be together
All we want is to sleep together

We're only after one thing
We're only after one thing
We're only after one thing
Ooh
We're only after one thing
We're only after one thing
We're only after one thing
Ooh

I'd love to know
What else we'd do
Without the hope
Without the hope

We're only after one thing

We're only after one thing
We're only after one thing
Ooh
We're only after one thing
We're only after one thing
We're only after one thing
Ooh
We're only after one thing
We're only after one thing
Ooh
We're only after one thing
We're only after one thing
Ooh
