## **"Secret Handshake"**

Gotta sell some posse  
Think its really something  
Everyones invited  
Aint nobody coming

As if nothing is ever gonna happen  
Nothing is ever gonna happen  
Nothing is ever gonna happen  
Nothing is ever gonna happen

Every conversation  
Ends just like it started  
Got a secret handshake  
Use it way too often

As if nothing is ever gonna happen  
Nothing is ever gonna happen  
Nothing is ever gonna happen  
Nothing is ever gonna happen

Everybody's thinking  
Everybody's searching  
Everybody's circling around themselves  
Its a competition  
Everybody's better  
We may not be winning  
Get insp.? for effort

As if nothing is ever gonna happen  
Nothing is ever gonna happen  
Nothing is ever gonna happen  
Nothing is ever gonna happen
