Listen, I may have given you the wrong impression  
This is something that I really ought to mention  
Well, I should tell you I've been spoken for

Listen, it's best that we avoid misapprehension  
This is something that I'd never had intended  
Well, I should tell you I've been spoken for  
Well, I should tell you I've been spoken for

As far as weakness goes  
This one's hard to beat I know, I know  
I'm sure I will beat this thing, wait and see

As far as these things go  
I should never speak I know, I know  
I'm sure I will beat this thing, wait and see

Well, I should tell you I've been spoken for
