"That One Pop Gem"

I've been wasting my vacation
Flipping through these hundred stations
And my body's fine
But my head's seen better days

Well your wake was pretty boring
Too much drinking, too much mourning
And your uncle broke my ribs and made me cry
Ooooh

I don't wanna take another bow
I don't wanna stay and hang around
And I don't wanna tell anyone else about my life
I don't wanna be the one who choked
Or be the butt of all your little jokes
I don't want you to leave me here alone, all right

Well I pulled out all my teeth and
Then I brought them to the beach and
Then I threw them one by one into the sea
And watched them sail

I don't wanna take another bow
I don't wanna stay and hang around
And I don't wanna tell anyone else about my life
I don't wanna be the one who choked
Or be the butt of all your little jokes
I don't want you to leave me here alone, all right

Well I was having much more fun
When I thought we were

I don't wanna take another bow
I don't wanna stay and hang around
And I don't wanna tell anyone else about my life
I don't wanna be the one who chokes
Or be the butt of all your little jokes
I don't want you to leave me here alone, all right

All right

Oh oh oh oh
All right
