You know we had ourselves a plan and we were meant
to understand
That everything was clear as far as we could see
But it's a couple hours since and it just started to sink in
Because it all went wrong we're going to Plan B

I guess there's no one I can trust
I guess I wanted it too much
I guess my own ??? is my ability
I guess there's no way I can win
'Cause it started to sink in
You gotta drop it all, we're going to Plan B

Because there's no one I can trust
Because I wanted it too much
We gotta drop it all, we're going to Plan B

(God that was perfect!)
