[Hook]

We can, get it started  
If you want it, come on (raise it up)  
Shorty turn it around, show me what you working with  
Show me what you working with, bounce  
All my thugs, in the club  
Wild out if you got that dro, then (blaze it up)  
Burn it, and pass it around  
And grab you a skirt kid, and grab you a skirt kid

[E.S.G.]

Raise it up like snipe war, with a rambo flag  
See I'm raising up the Southside, sliding down the slab  
Helped a lot of niggaz out, but they ain't help me  
So this year its all about, Mr. E.S.G.  
I connected with my nigga T-H-U-G Dirt  
C.D.'s DVD's, you know we got work  
Big dingles with the skirts, Escallade dripping syrup  
From the city, where them lil' white birds don't chirp  
Tonight's the night, club packed hell-a-tight  
In the back sipping Hypno, same color as my ice  
Light blue, bout two dime pieces trying to hit the dro  
Oh no hoe, unless we going to the Mo'  
24 times 4, that's the wheels I roll  
Fo' time ten forty, Cal. glock gon blow  
Oh no let her go, no use for handcuffs  
Raise it up blaze it up, all the thugs stand up what

[Hook]

[Thug Dirt]

Excuse me Ms., you can start giving dome  
I'm bout to hit the spot, so tonight you're alone  
Raw hit me on the hips, say the club so thick  
Say they elbow to ass, getting drunk than a bitch  
And that fine ass chick, we done told her to strip  
We done bought the bar, you ain't gotta pay for shit  
Yeah I'ma grab me a throwback, put a hat on  
I'll be there, soon as I can park all this chrome  
Come on, we can raise it up  
Yeah, show Thug Dirt the tricks you do with your butt

Come on, we can blaze it up  
I got a big bag of sticky, get us all messed up  
Let's twist one up, mami head gone  
Off a blunt, and a bottle of a Cris'  
She was grabbing at the chain, saw the ice in the ring  
Say I'm the one that she leaving with yeah, raise it up

[Hook]

[C-Note]

Uh raise it up, raise it up  
Cause some of my G's, like to blaze it up  
Got niggaz up in Cali, purple haze it up  
But my niggaz down South, like the purple cups  
Houston, Dallas, Jackson, Atlanta  
Florida, Alabama back to Louisiana  
All of my niggaz, that's up in the club  
All of my niggaz, get buck in the club  
Raise it up in the club, show 'em what's up  
With a thug, fa sho we get it crunk in the club  
It's a down South thang, down South slang  
Raise your arms in the air, palms up mayn  
And then we start, roofing in this bitch  
And then we get loose, up in this bitch  
Grey Goose up in this bitch, hit the juice up on the  
switch  
Matter fact, keep the juice on this bitch
