(\*talking\*)

Say uh, I'm out the beam nigga  
Damn it feel good, to be free nigga  
Check game nigga, uh

[Hook - 2x]

Thirty minutes off lock, and I'ma rock the block  
I really don't care, if the beat hot or not  
Just let me in the booth, so I can spit the truth  
Are you ready motherfucker, I'm bout to come through

[Mike D]

S.U. motherfucking C  
Who I be, Mike D  
Miggity Mike D, Boss Hogg Corleon  
The black Osama, with my chrome  
Niggaz better watch out, I promise that  
Cause niggaz ain't ready, cause I'ma handle that  
Everything was talked about, Corleon  
I'll come back to ya nigga, I'ma get millions  
In the game, and get gone  
I got my spanking from the Lord, and I'm bout to move  
on  
Niggaz, ain't ready though  
Y'all ain't, ready though  
We bout, to come through  
Rolling with my niggaz, in blue

[Grace]

G to the R-A-C to the E  
Money over bitches, you niggaz know me  
I'm the game runner head hunter, scoping a beam  
Me and Pimper give it to em, underground thoed king  
By the name Mr. Chase, S.U.C. representer  
Legendary game spitter, quickly bout to beginner  
Got me touched by the Don, underground phenomenon  
Back on the streets and in the mix, suckers high like  
Sadaam  
I call it by back I want that, this underground mine  
Incarcerated the calendar, now I'm back on the grind  
Still sharper thinking smarter, screaming new world

order  
On a T and running best, from H-Town to the border  
Transactions stacking still macking, and always 4-5  
packing  
Accummilating my cheese, like we all Greenbay  
packing  
Got it Houston like the Texans, busting like Smith &  
Wessons  
Kick up dust and raising hell, like cowards on old  
westerns  
New millennium entrepreneur, bitch a mighty thug  
The whole click hungry, and it's time to grub  
Back on the streets and out the Penn, and it's time to  
get it  
Sho' I'm fa sho with it, true to it and done did it  
Like a booth I bring it back, spitting heat on tracks  
Rip microphones burn out on chrome, counting nothing  
but stacks  
Problem solved we in my lab, better lay heads flat  
4-5 to the dome, now that's what I call crack cuz
