I always think about you when I'm flying,
all the tiny freeways and all the tiny houses
Could it be that one day we'll stop adjudicating
And all the tiny people will breathe in sweet salvation
It's the perfect weather, it's the perfect weather for the
truth
and you should really come outside into the sunshine
(2 X)
It's the perfect weather, it's the perfect weather for the
truth
and you should really come outside into the sunshine
(2 X)
I always think about you when I'm sleeping
all the subconscious dreams that I'll never admit to
Perhaps one day we'll wake up and see the sky a new
blue
Lost inside our daydreams and lost inside our
memories
It's the perfect weather, it's the perfect weather for the
truth
and you should really come outside into the sunshine
(2 X)
Traveling this here broken road I don't know which way
to go
It's the perfect weather, it's the perfect weather for the
truth
and you should really come outside into the sunshine

(2 X)

and you should really come outside into the sunshine
(2X)
