Whisper soft
Whisper low
Tell me things I shouldn't know
With you I want to grow

If this is love
It hangs in doubt
It'll kill you or me
If we come out

Talk to me again
Please talk for me again

You've drawn a breath
From my soul
Then you gave me life
And made me whole
Forever

And when it ends, as it must end
I'll write a book, the saddest book
And it will be our story
The ballad of a bitter end
The bitter end
The bitter end

And when it ends, as it must end
I'll write a book, the saddest book
And it will be our story
The ballad of a bitter end
The bitter end

The ballad of a bitter end
