Andrew Lloyd Webber

from _Aspects of Love_

Love, love changes everything

Hands and faces, earth and sky

Love, love changes everything

How you live and how you die

Love, love can make the summer fly

Or a night seem like a lifetime

Yes love, love changes everything

Now I tremble at your name

Nothing in the world will ever be the same

Love, love changes everything

Days are longer, words mean more

Love, love changes everything

Pain is deeper than before

Love will turn your world around

And that world will last forever

Yes love, love changes everything

Brings you glory, brings you shame

Nothing in the world will ever be the same

Off into the world we go

Planning futures, shaping years

Love (comes in) and suddenly all our wisdom
disappears

Love makes fools of everyone

All the rules we made are broken

Yes love, love changes everyone

Live or perish in its flame

Love will never never let you be the same

Love will never never let you be the same
