whats it take to corrupt your thinkin
ever thought youd abuse your hate
hows it fell with your melencoly
does it fell like home

what did you change what you feel inside
radio whoa they left behind it
where are we goin, how am i feelin
union of nothin,I should go, im pleased to meet you

whats it take to destroy your habit
feel the need whos the next in line
hows it feel with your desperation
does it fell like home

what did you change what you feel inside
radio whoa they left behind it
where are we goin, how am i feelin
union of nothin,I should go, im pleased to meet you

whats it take to corrupt your thinkin
ever thought youd abuse your hate
hows it fell with your melencoly
does it fell like home

what did you change what you feel inside
radio whoa they left behind it
where are we goin, how am i feelin
union of nothin,I should go, im pleased to meet you
where are we goin, how am i feelin
union of nothin,I should go, im pleased to meet you
