Bad ass and young savage keep it so street huh?
But we been doin' this for a while, but it ain't sleep time
Gotta send these motherfuckers platinum 2 or 3 times

We flyin' cloud 9, whoever figured we poppin'
It be me and the old drop and the rims don't stop
Yea, nigga came up, 60,000 on the watch
But they got niggas still stuck and a nigga ain't forgot

I love Ol Murl, but been a minute since I kissed her
But she keep it real, so knowing her, she ain't tripping
Slowed up on drinkin', I don't get too tipsy

Ask me what I want about a life, be specific
Money, power, ma niggas yea, thatuh be terrific
But it's really all a dream, that's why I'm just living
Y'all mind too little to even feel what I'm spitting

Y'all haters would kill, to be sitting where I'm sitting

Say what ya won't, but money talks, stop whispering
Trill young savage ain't do damage? Y'all silly

I'm too smooth, you can't do it like this, you ain't foolish

Jewels like this, pool like this, I ain't full yet
I ain't with the bullshit, on the real check me out
(I'm too smooth)

Like how you walk like that, talk like that
Soft like that, I'm a straight mack, Cutlass or Maybach
Hop in lay back, I'mma bring ya straight back
(I'm too smooth)

Bad nerves, think I get it from my daddy
Straight factory red, ain't even get the Davins
A hundred 50, got a nigga neck flashing

Nigga know me well, every hood I pass in

Heart full of hurt full of purp got me laughing

All them stories nigga sayin', better get shit right
