lovin you is wrong, I don't wanna be right  
Cus you can look around and wont find nobody like us  
Just like a light bulb  
You came and brightened my life up  
That's why right not I don't wanna be no where else but  
beside ya  
I feel like you all I got so Ima keep you close tah me  
Everything gone be aite I promise you just go wid me  
First I lost my first love  
I thought I was thru wid dis  
Love done got me trapped again man how did I do dis  
shit  
How did I get caught up in relations wid my dog ass  
I can get you locked up bae you stole my heart and  
hauled ass  
Ain't no turning back now  
You gotta part you gotta play  
Fuck what all day people say  
Just pray and he gone make a way  
I wake up and you make my day  
Jump fresh den I'm on my way  
You don't ask where I'm goin cause you know I'm goin  
tah make some cake  
This cant be no mistake  
Because it feel so great  
Offer me the world if I cant have my girl I'm straight  
My bitch, my own one  
Its miserable on sum  
They say you the wrong one and ill see in the long run  
Life, if u cant enjoy it wid me I don't want nun  
It feels so right I don't wanna be right if this shit wrong

If lovin you is wrong, I don't wanna be right  
If bein right means bein widout you  
Id ratha live a wrong doin life  
Ya mama and daddy say its a shame  
Its a downright disgrace  
Long as I got you by my side  
I don't care what ya people say

If this shit wrong then fuck it I guess Ima just keep  
fuckin up

Cus everybody make mistakes and you my lil buttacup  
Bae million dolla mansions, smokin purple while we  
cuddle up  
I got cameras all around this bitch  
Nobody bet not fuck wid us  
Not just another girl tah me  
See girl you mean the world tah me  
I don't wanna be right if lovin you is wrong  
Girl you got me gone  
Got me feelin like you mine and I cant leave you on yo  
own

Feel like you the best  
Gave you access tah everything I own  
Buy me summin sweet den run tah you and let you  
have the keys  
Sometimes my niggas laugh at me but I know you'll be  
there fah me  
Actually, its been times I thought about you marryin me  
Den I hit the blunt again and snap back tah reality  
This ass fah me  
And it feels so good that it just cant go bad  
And I already knew so if it fuck up then I cant be mad  
I call ha my angel I think she call me ha supaman  
I promise if this don't work I ain't neva doin dis shit  
again

If lovin you is wrong, I don't wanna be right  
If bein right means bein widout you  
Id ratha live a wrong doin life  
Ya mama and daddy say its a shame  
Its a downright disgrace  
Long as I got you by my side  
I don't care what ya people say

I got money I put diamonds all on my pretty woman  
Cus I know if she coulda she woulda done it fah me  
Some people say she ugly and otha mite say she  
straight  
All I know is I love and that's all I gotta say  
I kiss on you everyday I miss on you when I'm away  
I feel like you the one fah me I tell you dat shit to yo  
face  
You don't know what you've done tah me  
See actually you've captureed me  
And locked me in yo own lil world  
And its like we cant find the key  
I don't feel we need the key  
Feel like this where we needa be  
We worked so hard just tah feel dis shit  
We can't let it fall down that easily

You so sweet. I'm so street, you so real, I'm so trill  
Got so many scars  
Been in so many battles  
Don't nothin else matta but how you make me feel  
Girl I just wanna have you here  
And leave all the bullshyt I got out there  
Whateva you did before we met ain't nun of my  
business wont even much care  
If this shit wrong I don't wanna be right if this ain't right  
I ratha be wrong  
Cus I feel I need you in my life if I cant have that I would  
rather be gone
