C'mon ... Webbie

bae ... bae
In my own state of mind
sittin here all alone thinkin bout that lady of mine
damn i did her wrong
all the things that i promised to her
how can i turn around and bring this much of drama to
her
boo im sorry and i was selfish and i kno it hurted
but i aint did dat on purpose
aint nobody perfect
so i jus wanna tell you baby,if you ever leave me
i got a lil you in my heart that aint gon neva leave me
at times i used to treat you like just anotha hoe
but we will both always kno that you deserve mo
i know you'll give ya life for me baby, i aint lyin
im gинуine and i been feelin dat the whole time
so check this out
if you should eva find a new dude
dont you go and forget a thang dat i told you
like you da one and dont a thang come befo you
and i aint been runnin no game. dis da whole truth ...
boo

[chorus]
if you should ever find someone new
i know he better be good to you
if you should ever find someone new
i know he better be good to you
Now for years, this been where home at
on tha real, i cant see you wit anotha cat
the way i feel, like dont a thang come above you
make me feel like cant anotha man love you
boo, i hate to see anotha man stare at you
let alone, let anotha man have you
but you already know dat i aint share you
dont wanna let you go, but shid im prepared to
but if i had a choice, dat wouldnt be what i'll choose
i know you know dat i'll rather be beside you
hand and hand every step so i can guide you
and i know you can tell that when im inside you

the reason we aint always seein eye to eye, boo
cuz i aint one of those guys who gon lie to you
if you slip up and let anotha man blind you
make sho nothin but the best what he provide you
but yeah

[chorus]

you goin to some body else, i aint tryna see it
but knowin dat i gave you so many reasons to leave me
i can already see it
and all the trust that we had here
after years and years, i neva thought it all disappear
but all my secrets have not been revealed
its over now and i think if we both try it can be revealed
but if not, i aint trippin hear
im still ya nigga, if you ever need love, you can get it
here
and it dont matter what he done to ya
you got a problem, jus holla and watch how fast i run to
ya
no matter where you at im comin to ya
just look ova ya shoulders for me, yo lil soldier, i aint
far from ya
my life if full of dark nights
you a star to me
and cant nobody else have you
you already tooken
but if shit dont go as planned
look here ...

[chorus repeats and fades out]
