I'm in a blue mood and you've caused it all
The night life is calling again it's plain to see the blues
are stepping in
So long now I've waited for your call I'm in a blue mood
and you've caused it all
Now I know you're seeing someone else but I love you
inspite of my soul
Just couldn't resist I have to fall I'm in a blue mood and
you've caused it all
The night lights to you again are lureing and darling
you're the reason for my fall
Your kind of love was my undoing I'm in a blue mood
and you've caused it all
[fiddle - steel]
The night lights to you...
